

Filled with color illustrations, sketches and photographs, "not just an ordinary pony" is for any age and for those who love animal stories. Our menagerie of cats and dogs over the years could not be left out, so their sketches and bios are of course included.

We know the book will bring tears to your eyes, make you smile, and provide hours of enjoyment.

As part of an ongoing fundraiser for our community, we hope you will order the book directly from the distributor. The total price is more than we anticipated, but we will receive half of the final cost.

To place your order, please look up the link here:
